Pawleys Island Compounding Pharmacy is a compounding-only pharmacy with total focus on providing the best in prescription care to patients with unconventional prescription needs.

## About PICP

The Grand Strand medical community has long recognized Pawleys Island Pharmacy for prompt and professional services. Creating a local compounding-only pharmacy is the vision of pharmacists Glenn Cox and Lewis Waldrep, longtime friends who share a passion for helping others and providing excellence in patient care.

We work closely with your healthcare provider to ensure your specific needs are being addressed and met.

Contact PICP for information and formulation recommendations. Our expertise can greatly assist your outcomes!

Pawleys Island Compounding Pharmacy also serves as a training site for pharmacy students!
